### Editorial Review

From the Author

*Peace, Power, and Presence*, is the first book in a series. The focus and title of that series is *Wisdom for a Life of Freedom*.

I actually started writing what is now to become the second book (*The Seven Empowerments*) in this series. Whilst writing *The Seven Empowerments* I realised it would be necessary to first explore the cosmology (world view and perspectives) I have lived with since I was a child. Only with this cosmology explained would the rest of the books in the series make full and complete sense. It puts them into context.

Freedom really is possible in this life-time. The greatest challenge, as I see it, in seeking freedom is that the vast majority of what claims to be about freedom is in fact just leading people into another level of bondage and loss of power. Most religions and spiritual paths fall pray to this issue. I've been active exploring many spiritual traditions and perspectives since I was a child, and in that time I have come to my own understanding of what a Path of Freedom really entails. First a foremost, it is a Path with Heart. Many people have not yet awoken into their heart, and most societies actively and subversively discourage such awakening. So long as the Heart is veiled our faculties of discernment and intelligence remain limited at best, and completely crippled in general.

*Wisdom for a Life of Freedom* is the essential information I have distilled from the many paths I have explored. Toltec Wisdom, Huna Wisdom, Yoga, Zen Buddhism, Tibetan Buddhism, Shamanism, Taoism, and a few others. I wrote *Peace, Power, and Presence* with the intention that by the time you finish reading it you will have a deep sense of known about how to approach to the world in such a way that every experience is step into your innate freedom and empowerment.
