Phoenicians (Peoples of the Past) By Glenn Markoe

One of the great enigmas of the ancient world, the Phoenicians were both lauded and despised in antiquity. They were celebrated as learned scribes who passed on the modern alphabet, as skilled seafarers and explorers, and as gifted artisans and engineers. Historical sources show they were also perceived as unscrupulous profiteers and cheaters, and as a morally corrupt race of people who prostituted their daughters and butchered their infant children in sacrifices to their gods. But who were the real Phoenicians, and what do we know of their origins and culture?

The heartland of the Phoenician empire consisted of a narrow coastal strip between the Lebanon mountains and the Mediterranean sea, a slightly extended version of modern Lebanon. The Phoenicians who lived along this coastline explored and colonized far away lands. But in many ways the Phoenician civilization is lost and many facts about it are unknown since not a single Phoenician manuscript has survived in the original or in translation. Digging deep into the historical and archaeological sources, Glenn Markoe reconstructs what we presently know about these mysterious people and their maritime culture. He fleshes out Phoenicia, giving accounts of its history, cities, economy, language and literature, religion, and its commercial expansion abroad.

This richly illustrated book includes photographs of Phoenician artifacts and excavations, along with many maps and drawings. Unlike other works that have treated the Phoenician culture as an Early Iron Age phenomenon, Markoe focuses on the continuity in tradition that characterized Phoenician history over a period of more than 1200 years, from the beginning of the Late Bronze Age (c 1550 b.c.)—when Phoenician cities first emerged—to the start of the Hellenistic period around 300 b.c. This book provides a comprehensive, unified view of a culture consisting of many disparate ethnic and geographical entities.

Users Review

From reader reviews:

Alicia Wescott:

What do you concentrate on book? It is just for students since they are still students or that for all people in the world, the particular best subject for that? Only you can be answered for that issue above. Every person has several personality and hobby for every single other. Don't to be pushed someone or something that they don't would like do that. You must know how great along with important the book Phoenicians (Peoples of the Past). All type of book can you see on many resources. You can look for the internet solutions or other social media.

Jacquelin Vasquez:

Reading a publication tends to be new life style in this particular era globalization. With reading you can get a lot of information that could give you benefit in your life. Along with book everyone in this world can certainly share their idea. Books can also inspire a lot of people. Lots of author can inspire all their reader with their story or maybe their experience. Not only the story that share in the ebooks. But also they write about advantage about something that you need example. How to get the good score toefl, or how to teach children, there are many kinds of book that you can get now. The authors on this planet always try to improve their talent in writing, they also doing some exploration before they write to the book. One of them is this Phoenicians (Peoples of the Past).

James Floyd:

The particular book Phoenicians (Peoples of the Past) has a lot info on it. So when you read this book you can get a lot of help. The book was compiled by the very famous author. The author makes some research just before write this book. This specific book very easy to read you may get the point easily after scanning this book.

Irma Lovern:

As a student exactly feel bored to help reading. If their teacher expected them to go to the library in order to make summary for some publication, they are complained. Just small students that has reading's heart and soul or real their pastime. They just do what the professor want, like asked to the library. They go to right now there but nothing reading really. Any students feel that examining is not important, boring as well as

can't see colorful pictures on there. Yeah, it is to be complicated. Book is very important for you. As we know that on this time, many ways to get whatever we want. Likewise word says, ways to reach Chinese's country. So , this **Phoenicians (Peoples of the Past)** can make you truly feel more interested to read.
