Envy and Gratitude Revisited (IPA: Psychoanalytic Ideas and Applications)

From Karnac Books

These stimulating essays are evidence that 50 years after its publication Melanie Klein's *Envy and Gratitude* is still a rich source of psychoanalytic inspiration. Sixteen highly regarded analysts, representing a wide range of psychoanalytic thinking, provide new insights and highlight current developments without avoiding the controversies that surround the original publication. The clinical and literary material is engaging and illustrates the effect of theory on practice and the influence of practice on the evolution of theory.

Editorial Review

Review

"These stimulating essays are evidence that 50 years after its publication Melanie Klein's *Envy and Gratitude* is still a rich source of psychoanalytic inspiration. Sixteen highly regarded analysts, representing a wide range of psychoanalytic thinking, provide new insights and highlight current developments without avoiding the controversies that surround the original publication. The clinical and literary material is engaging and illustrates the effect of theory on practice and the influence of practice on the evolution of theory. I strongly recommend *Envy and Gratitude Revisited*, which, I believe, will make an important contribution in its own right to the advancement of psychoanalytic theory and practice."

"The genius of Melanie Klein's *Envy and Gratitude* is felt everywhere in these pages. A nourishing and invigorating presence, it has inspired a group of outstanding contemporary analysts to share with us their insights into envy and gratitude and their expertise in confronting and working through the complex technical problems to which these basic human reactions give rise within the psychoanalytic process.

Their essays throw light on so many varieties of human entanglement and subjective experience that they should reward repeated study by analytic therapists at all levels of experience. Highlighting the interplay of transference and countertransference, the many illustrative case studies included here can only deepen our understanding of love, hate, dependence, omnipotence, sadomasochistic excitement, cruelty, guilt, jealousy, gender identity, separation, loss, and creativity. A most welcome contribution to the vitality of psychoanalysis!" (Roy Schafer)

About the Author

Priscilla Roth is a Training and Supervising Analyst at the British Psychoanalytic Institute, where she is currently head of training. She is the author of several psychoanalytic papers and the editor of *On Bearing Unbearable States of Mind: The Work of Ruth Malcolm* and the co-editor, with Richard Rusbridger, of *Encounters with Melanie Klein: The Work of Elizabeth Spillius*.

Alessandra Lemma is a psychoanalyst and a consultant clinical psychologist working in the Adolescent Department of the Tavistock and Portman NHS Foundation Trust, where she is also the Head of Psychology. She is a Senior Member of the British Association of Psychotherapists and a Member of the British Psychoanalytical Society. She has published several books on psychotherapy and psychoanalysis.

Users Review

From reader reviews:

Veronica Mei:

Spent a free a chance to be fun activity to do! A lot of people spent their down time with their family, or all their friends. Usually they accomplishing activity like watching television, about to beach, or picnic from the park. They actually doing same task every week. Do you feel it?
