The Creative Curriculum for Preschool, 4th edition By Diane Trister Dodge, Laura J Colker, Cate Heroman

The Creative Curriculum balances both teacher-directed and child-initiated learning, with an emphasis on responding to children's learning styles and building on their strengths and interests. This completely updated new edition of one of the country's leading research-based preschool curricula applies the latest theory and research on best practices in teaching and learning and the content standards developed by states and professional organizations. While keeping the original environmentally-based approach of earlier editions, The Creative Curriculum for Preschool clearly defines the teacher's vital role in connecting content, teaching, and learning for preschool children. It features goals and objectives linked directly to our valid and reliable assessment instrument (The Creative Curriculum Developmental Continuum for Ages 3-5).
