Artisan Welding Projects: 25 Decorative Projects for Hobby Welders By Karen Ruth

Artisan Welding Projects brings together project designs and complete directions for building 25 innovative, never-before-published metal-work projects. This book takes solid aim at growing numbers of amateur welding and blacksmith enthusiasts who are taking up the hobby as inexpensive yet full-featured welding equipment becomes widely available. It features the latest in welding equipment and techniques, and offers projects that are both practical and ornamental. It is the ideal book for budding art and craft welders, the largest growing segment of the rapidly expanding DIY welding market.

Editorial Review

Review

You can pay a lot of money for decorative iron and metal furnishings, or you could learn to make them yourself. Experienced welder Ruth (Welding Basics) presents a good mixture of 25 metal-welding projects, including simple furnishings, garden accessories, and decorative elements. She offers patterns and instructions, but there is no handholding, no list of needed equipment or tools-this book is only for the hobby welder conversant in technique and tool use. Illustrations of final products are nice and large, but there are few instructional photos. Don't purchase unless you already have some basic welding books or there is demand. - Library Journal December 2006

About the Author

Karen Ruth, an accomplished hobby welder, is the author of Welding Basics.

Users Review

From reader reviews:

Dorothy Marr:

A lot of people always spent their very own free time to vacation or go to the outside with them family or their friend. Do you realize?
