What Objects Mean, Second Edition: An Introduction to Material Culture

By Arthur Asa Berger

Arthur Asa Berger, author of an array of texts in communication, popular culture, and social theory, is back with the second edition of his popular, user-friendly guide for students who want to understand the social meanings of objects. In this broadly interdisciplinary text, Berger takes the reader through half a dozen theoretical models that are commonly used to analyze objects. He then describes and analyzes eleven objects, many of them new to this edition?including smartphones, Facebook, hair dye, and the American flag?showing how they demonstrate concepts like globalization, identity, and nationalism. The book includes a series of exercises that allow students to analyse objects in their own environment. Brief and inexpensive, this introductory guide will be used in courses ranging from anthropology to art history, pop culture to psychology.

Editorial Review

Review

Comments on the first edition:

"Berger's book takes a complex and nuanced topic—the study of material culture—and pares it down to a manageable first approach.... Overall, the book presents a basic survey of several important theories and scholars that students should become familiar with when beginning to study material culture, and demonstrates a useful structure for a course syllabus."

—Journal of Folklore Research

About the Author

Arthur Asa Berger is professor emeritus of Broadcast and Electronic Communication Arts at San Francisco State University, where he taught between 1965 and 2003. He has been a visiting professor in Italy, Germany, Hong Kong, and China and has lectured in more than a dozen countries. Berger is author of over one hundred articles and has authored or edited more than seventy five books on media, popular culture, social theory, humor, and tourism. His books have been translated into nine languages. Among his recent books are *Seeing is Believing: An Introduction to Visual Communication*; *Understanding American Icons*; *Theorizing Tourism*; *Media and Communication Research Methods*; *Ads, Fads and Consumer Culture*; and *Shop 'Til You Drop*. He was elected to the University of Iowa School of Journalism and Mass Communication's "Hall of Fame" in 2009.

Users Review

From reader reviews:

Orlando Bush:

Robert Black:

Nowadays reading books become more and more than want or need but also become a life style. This

reading routine give you lot of advantages. The benefits you got of course the knowledge the rest of the information inside the book which improve your knowledge and information. The information you get based on what kind of book you read, if you want have more knowledge just go with education and learning books but if you want experience happy read one together with theme for entertaining for instance comic or novel. Often the What Objects Mean, Second Edition: An Introduction to Material Culture is kind of book which is giving the reader erratic experience.

Maria Blanco:

Many people spending their time frame by playing outside having friends, fun activity using family or just watching TV the whole day. You can have new activity to invest your whole day by reading a book. Ugh, do you consider reading a book will surely hard because you have to use the book everywhere? It ok you can have the e-book, having everywhere you want in your Mobile phone. Like What Objects Mean, Second Edition: An Introduction to Material Culture which is finding the e-book version. So , why not try out this book? Let's find.

Debra Unger:

As a pupil exactly feel bored to reading. If their teacher inquired them to go to the library as well as to make summary for some publication, they are complained. Just minor students that has reading's spirit or real their passion. They just do what the instructor want, like asked to the library. They go to there but nothing reading significantly. Any students feel that reading is not important, boring and also can't see colorful images on there. Yeah, it is to become complicated. Book is very important for yourself. As we know that on this age, many ways to get whatever we really wish for. Likewise word says, many ways to reach Chinese's country. Therefore this What Objects Mean, Second Edition: An Introduction to Material Culture can make you really feel more interested to read.
