Case Files Anesthesiology (LANGE Case Files) By Lydia A. Conlay, Julia E. Pollock, Mary Ann Vann, Sheela Pai, Eugene C. Toy

Learn the fundamentals of anesthesiology in the context of real patients.

4 STAR DOODY'S REVIEW!

"The book targets medical students, but even junior anesthesia trainees would find it very compelling....Although it has the appearance of a handbook, this book is an overview of clinical anesthesiology. It takes a simulation approach to drive home essential concepts of anesthesia management in different disease conditions. Of all the handy books out there, this is perhaps the only one that teaches anesthesia in the context of real patients rather than merely stating facts. It would be an invaluable aid to medical students doing anesthesia clerkships or junior anesthesia trainees who need a quick review for an emergency case in the middle of the night."--Doody's Review Service

Case Files: Anesthesiology contains 53 high-yield cases with open-ended questions. Each case includes an extended discussion, definitions, clinical Pearls, 3-5 USMLE-style comprehension questions, and references to the most current literature for further reading.

Features:

- 53 high-yield clinical situations tailored for management of the anesthetic patient
- Clear and easy-to-follow case-based format helps readers develop clinical thinking skills
- Clinical pearls give evidence-based recommendations for patient management
- USMLE-style comprehension questions accompany each case
- Content enhanced by numerous tables, illustrations, and clinical images

Content that makes learning easy:

Preoperative evaluation: Preoperative evaluation: cardiac and pulmonary disease, Preoperative evaluation in an obese patient, Anesthesia in Patients with Heart Disease: Coronary artery disease, Pulmonary hypertension, R heart failure, Left

Heart failure, Mitral stenosis, mitral insufficiency, Aortic stenosis, Subacute Aortic Hypertrophy, Congestive heart failure, AICD, Abdominal aortic aneurysm/stent, open Cardiac tamponade, Protamine reaction Anesthesia for the Patient with Pulmonary Disease: Anesthesia in a patient with reactive airway disease, Anesthesia in a patient with COPD, Thoracotomy, Aspiration, Anesthesia for the Patient with Neurological or Neurosurgical Conditions: Subdural hematoma/head injury, Craniotomy for mass excision, Craniotomy for aneurysm, The quadriplegic, Cervical fracture, Myasthenia gravis, Anesthesia for obstetrics: For caesarian section, Appendectomy or cholecystectomy in a pregnant patient, Total spinal, Local anesthetic toxicity, Anesthesia in the Pediatric Patient: Child with a Foreign Body, Cleft Palate, Anesthesia for a tonsillectomy--sleep apnea, and hemorrhage, Pyloric stenosis, Anesthesia in Patients with Hematologic Disorders: Hemoglobinopathy, Transfusion reaction, Coagulopathies, Anesthesia for Patients with Endocrinologic or Metabolic Disorders: Diabetes--hyperglycemia/hypoglycemia, Malignant hypertension/pheochromocytoma, Malignant hyperthermia, Cholinesterase deficiency, Anesthesia Special Situations: Complication of laparoscopy--ptx, air embolism, Complication of laparoscopy--occult hemorrhage, Burns, Trauma, MRI, Hypoxia of unknown etiology (equipment failure), Monitoring (including PA line, TEE), Awareness under anesthesia, End of life/ethics

Editorial Review

About the Author

Lydia A. Conlay, MD, PhD, MBA is Professor of Anesthesiology at Baylor College of Medicine and works in the operating rooms of the Michael E. DeBakey Veterans Affairs Medical Center (Houston, Texas). Dr. Conlay received her medical degree at the Louisiana State University School of Medicine in Shreveport, her Ph.D. in Neural and Endocrine Regulation at the Massachusetts Institute of Technology, and completed a residency in anesthesiology at the Massachusetts General Hospital/ Harvard Medical School, where she remained on the faculty for almost two decades. Subsequently, she obtained an M.B.A. at the Boston University School of Management, and chaired the Departments of Anesthesiology of the Temple University School of Medicine in Philadelphia and Baylor College of Medicine in Houston. Dr. Conlay also served as president of the Society for Ambulatory Anesthesia, and the Society for Academic Anesthesia Chairs, and trustee of the College of Physicians of Philadelphia.

Julia E. Pollock, MD is in the Department of Anesthesiology at the University of Washington Medical Center, Seattle, Washington.

Mary Ann Vann, MD is in the Department of Anesthesia and Care at Beth Israel Deaconess Medical Center in Boston, Massachusetts.

Eugene C. Toy, MD is a dual certified family physician and ob/gyn and is Academic Chief and Program Director for the Obstetrics and Gynecology residency at The Methodist Hospital in Houston, Texas. He also oversees the ob/gyn clerkship at St. Joseph Hospital and is actively involved in teaching medical students.

Sheela Pai, MD is in the Department of Anesthesiology at Temple University School of Medicine, Philadelphia, Pennsylvania.

Users Review

From reader reviews:

Jena Alvarez:

Reading a publication tends to be new life style within this era globalization. With reading through you can get a lot of information that can give you benefit in your life. Having book everyone in this world can certainly share their idea. Guides can also inspire a lot of people. A lot of author can inspire their particular reader with their story or their experience. Not only the story that share in the ebooks. But also they write about the knowledge about something that you need example. How to get the good score toefl, or how to teach your sons or daughters, there are many kinds of book that you can get now. The authors these days always try to improve their ability in writing, they also doing some research before they write on their book. One of them is this Case Files Anesthesiology (LANGE Case Files).

Corey Valenzuela:

The guide with title Case Files Anesthesiology (LANGE Case Files) has a lot of information that you can understand it. You can get a lot of help after read this book. This book exist new knowledge the information that exist in this e-book represented the condition of the world currently. That is important to you to find out how the improvement of the world. This kind of book will bring you with new era of the globalization. You can read the e-book on the smart phone, so you can read the item anywhere you want.

Christine Erhart:

The reason? Because this Case Files Anesthesiology (LANGE Case Files) is an unordinary book that the inside of the reserve waiting for you to snap the idea but latter it will shock you with the secret it inside. Reading this book alongside it was fantastic author who also write the book in such wonderful way makes the content inside easier to understand, entertaining technique but still convey the meaning thoroughly. So , it is good for you for not hesitating having this ever again or you going to regret it. This amazing book will give you a lot of advantages than the other book have such as help improving your proficiency and your critical thinking means. So , still want to hold off having that book? If I have been you I will go to the book store hurriedly.

George Hughes:

A lot of reserve has printed but it differs. You can get it by net on social media. You can choose the most beneficial book for you, science, comedy, novel, or whatever by means of searching from it. It is referred to as of book Case Files Anesthesiology (LANGE Case Files). You can contribute your knowledge by it. Without leaving behind the printed book, it could possibly add your knowledge and make you happier to read. It is most critical that, you must aware about guide. It can bring you from one location to other place.
