Make Your Mark, Franklin Roosevelt (Turning Point Books) By Judith St. George

Young Franklin Roosevelt grew up knowing the finer things in life— sailing, horseback riding, and foxhunts on his family’s large estate. Growing up wealthy meant he could live a gentleman’s life, like his beloved papa. Yet gentlemen weren’t supposed to go into politics, right? But why not? As young Franklin learns from a famous uncle and a famous mentor, there is more to the world than he thought. And about politics? Well, maybe there is more to that, too.

Complete with lively illustrations by new illustrator Britt Spencer, this third book in Judith St. George’s Turning Point series reveals the turning point for the young man who would become one of America’s most honored presidents.

Editorial Review

From School Library Journal

Starred Review. Grade 2–5—Joining the author's *You're on Your Way, Teddy Roosevelt* (2004) and *Take the Lead, George Washington* (2005, both Philomel), this illustrated biography also explores the childhood life of a president, examining the influences that shaped Roosevelt's life with stories that will delight young readers. Born into a wealthy family, Franklin was doted on by his mother who called him "Baby," dressed him in dresses, and kept his long hair in curls. "But Franklin was definite about what he wanted...and by six he wanted the curls off. Off they came!" "He was never spanked. (Once, when he was naughty, his father said, 'Franklin, consider yourself spanked')." When he was 14 and attending boarding school for the first time, he heard the strong message "go out and serve the world" from the Rector, Reverend Endicott Peabody. Later he met his fifth cousin, Theodore, whose energetic tales of public service influenced him greatly. Throughout, Spencer's spirited watercolor, gouache, and ink illustrations bring to life the culture and background of this American icon. This peek into history has great child appeal.—*Lee Bock, Glenbrook Elementary School, Pulaski, WI*

St. George continues her spirited accounts of important influences in the lives of young presidents-to-be with this picture-book profile of a lad for whom the phrase "born with a silver spoon in his mouth" could not be more apt. The only child of doting parents, Franklin grows up in extreme luxury, but rather than turning into an idle country gentleman as his strong-minded mother wishes, he finds outlets for his energy--first in outdoor pursuits learned from his jolly father, and later, having absorbed a sense of social and civic responsibility from both a governess and the admired headmaster of his boarding school, by following his cousin Teddy into politics. Conveying Franklin's intense personality by portraying him throughout with wide open eyes and mouth, Spencer debuts with scenes of cleanly drawn figures reminiscent of David Small's, sporting slightly oversize heads and distinct facial features. Readers will come away with both a better sense of FDR's character and an appreciation for the experiences and encounters that shaped it. A source list and a note from the author are appended. *John Peters*

Review

"St. George sketches her character deftly, adding quotations from Roosevelt's own writings to allow the boy to speak for himself. An author's note fills in the 32nd president's career after high school, emphasizing his commitment to the betterment of all Americans. All in all, it's an engaging entry in a pleasingly child friendly series."—**Kirkus Reviews**
