Editorial Review

From Library Journal

This is an important work of feminist, New Age, and Goddess spirituality by one of the creators of the Motherpeace Tarot cards. Whether or not one accepts all of the beliefs she presents, Noble's book is a fascinating account of her personal journey and a powerful call to women to rediscover their connection to nature, their own bodies, and their creative and healing powers. Noble is concerned not only with personal healing but with the healing of the earth and human society. Her book is recommended for most libraries. Copyright 1991 Reed Business Information, Inc.
