Complete Metalsmith: Professional Edition By Tim McCreight

The Complete Metalsmith became a classic soon after it was first published in 1982. A second edition (blue cover) raised the bar by adding 50 more pages and using a larger format. To mark the millenium, McCreight revised it again, this time doubling the number of pages, adding color and using an innovative concealed spiral binding. This information-packed technique source book is on every professional metalworker's must-have list. With over 2500 drawings, the Complete Metalsmith provide a wealth of information on materials, tools, shaping, surfaces, joining, color, finishing, casting, stonesetting, chains, findings and mechanisms. Also included is one of the largest collections of charts and tables for metalsmiths. You'll wonder how you got along without it!

Editorial Review

Review

I was blown away — this is truly complete. I hope it gets the recognition it deserves... it's a masterpiece.

--Bruce Baker Studio

If you are a super-serious metal worker, you'll like this version, which is twice as big as the Student Edition.

--Tammy Powley, About.com

a smart, stylish cover and larger binding rings ... expanded many topics ... a legacy for future generations.

--Tom & Kay Benham, Lapidary Journal

About the Author

Tim McCreight has been teaching metalsmithing for over three decades. He brings his years of experience and his passion for the field into every page.

Users Review

From reader reviews:

Beverly McGahey:

The reserve with title Complete Metalsmith: Professional Edition has lot of information that you can find out it. You can get a lot of gain after read this book. This particular book exist new expertise the information that exist in this guide represented the condition of the world right now. That is important to yo7u to understand how the improvement of the world. This kind of book will bring you in new era of the internationalization. You can read the e-book on your own smart phone, so you can read this anywhere you want.

Anthony Youngblood:

The reason why? Because this Complete Metalsmith: Professional Edition is an unordinary book that the inside of the e-book waiting for you to snap the idea but latter it will jolt you with the secret this inside. Reading this book adjacent to it was fantastic author who else write the book in such wonderful way makes the content interior easier to understand, entertaining means but still convey the meaning fully. So , it is good for you for not hesitating having this anymore or you going to regret it. This unique book will give you a lot of positive aspects than the other book get such as help improving your proficiency and your critical thinking approach. So , still want to postpone having that book? If I had been you I will go to the e-book store hurriedly.

Kevin Swafford:

Would you one of the book lovers? If so, do you ever feeling doubt when you find yourself in the book store? Aim to pick one book that you never know the inside because don't evaluate book by its protect may doesn't work at this point is difficult job because you are frightened that the inside maybe not because

fantastic as in the outside appear likes. Maybe you answer can be Complete Metalsmith: Professional Edition why because the wonderful cover that make you consider about the content will not disappoint you. The inside or content is definitely fantastic as the outside or cover. Your reading sixth sense will directly show you to pick up this book.

Gary Landrum:

This Complete Metalsmith: Professional Edition is great e-book for you because the content that is certainly full of information for you who always deal with world and get to make decision every minute. This specific book reveal it info accurately using great manage word or we can declare no rambling sentences inside it. So if you are read the idea hurriedly you can have whole info in it. Doesn't mean it only provides you with straight forward sentences but difficult core information with lovely delivering sentences. Having Complete Metalsmith: Professional Edition in your hand like finding the world in your arm, details in it is not ridiculous a single. We can say that no e-book that offer you world with ten or fifteen tiny right but this e-book already do that. So , this can be good reading book. Hi Mr. and Mrs. occupied do you still doubt in which?
