Editorial Review

Review

Anyone who wants a record of Colin Rowe's published thoughts on architecture of the last thirty years, had better borrow, beg or steal this book.

(Architectural Association Quarterly)

In these essays Rowe makes the history of ideas into a dramatic theatre and he prods the polemics, theories, and orthodox histories of modern architecture onto its stage. Here they're launched on clashing courses and their irresolvable conflicts played out among the set pieces of the modern movement.

(Journal of Architectural Education)
