Places Through the Body From Routledge

This exciting collection opens up many new conversations on BodyPlace and introduces new theories of embodied places and the placing of bodies.

Extensive introductory and concluding sections guide students through the key debates and themes. *Places Through the Body* draws on a wide range of contemporary examples and creative ideas to address such topics as:

- * How racist ideologies are embedded in modern architectural discourse and practice
- * How urban spaces make bodies disabled
- * How the seemingly virtual worlds of knowledge and technology are embodied
- * How gyms enable women body builders to make new kinds of bodies
- * How male bodies are placed onto the silver screen
- * New kinds of femininity

Here geographers, architects, anthropologists, artists, film theorists, theorists of cultural studies and psycho-analysis work alongside each other to make clear connections between bodies and places.

Editorial Review

About the Author

Heidi Nast is Assistant Professor in the International Studies Program, DePaul University. She is co-editor of *Thresholds in Feminist Geography* (1997). Steve Pile is Lecturer at the Open University. He is author of *The Body and the City* (1996) and co-editor of *Geographies of Resistance* (1997), both published by Routledge.

Users Review

From reader reviews:

Nancy Sanchez:

People live in this new morning of lifestyle always make an effort to and must have the free time or they will get great deal of stress from both day to day life and work. So , when we ask do people have time, we will say absolutely yes. People is human not only a robot. Then we request again, what kind of activity have you got when the spare time coming to an individual of course your answer will probably unlimited right. Then do you try this one, reading books. It can be your alternative with spending your spare time, often the book you have read is actually *Places Through the Body*.

Kimberly Spradlin:

Are you kind of hectic person, only have 10 or perhaps 15 minute in your day to upgrading your mind proficiency or thinking skill perhaps analytical thinking? Then you have problem with the book in comparison with can satisfy your limited time to read it because this time you only find guide that need more time to be read. *Places Through the Body* can be your answer mainly because it can be read by anyone who have those short spare time problems.

Harrison Colon:

Is it a person who having spare time in that case spend it whole day by means of watching television programs or just lying on the bed? Do you need something totally new? This *Places Through the Body* can be the reply, oh how comes? It's a book you know. You are and so out of date, spending your spare time by reading in this brand-new era is common not a nerd activity. So what these publications have than the others?

Armida Shipman:

As a student exactly feel bored to help reading. If their teacher asked them to go to the library in order to make summary for some book, they are complained. Just little students that has reading's spirit or real their leisure activity. They just do what the instructor want, like asked to go to the library. They go to at this time there but nothing reading really. Any students feel that reading is not important, boring and also can't see colorful photos on there. Yeah, it is to be complicated. Book is very important for you. As we know that on

this period, many ways to get whatever we want. Likewise word says, ways to reach Chinese's country. Therefore this Places Through the Body can make you sense more interested to read.
