2016-2017 Basic and Clinical Science Course (BCSC), Section 09: Intraocular Inflammation and Uveitis (Basic & Clinical Science Course (BCSC)) By American Academy of Ophthalmology

Includes three fundamental surgical technique videos and one diagnostic video. Both print and eBook users have access to the videos. This edition also uses updated terminology for all diseases that is in line with currently accepted uveitis nomenclature. This section begins with an overview of immune-mediated eye disease, summarizing basic immunologic concepts, ocular immune responses and special topics in ocular immunology. Discusses the clinical approach to uveitis and reviews noninfectious (autoimmune) and infectious forms of uveitis, with an expanded section on viral uveitis and material on infectious and noninfectious scleritis.

Enhanced detection of infectious agents by immunologic and genetic methods and biologic therapeutics are detailed. Also covers endophthalmitis, masquerade syndromes, complications of uveitis and ocular aspects of AIDS.

Upon completion of Section 9, readers should be able to:

Identify general and specific pathophysiologic processes that affect the structure and function of the uvea, lens, intraocular cavities, retina, and other tissues in acute and chronic intraocular inflammation

Differentiate and identify infectious and noninfectious uveitic entities

Choose appropriate examination techniques and relevant ancillary studies based on whether an infectious or noninfectious cause is suspected

Major revision: 2015-2016

Section chair: Russell W. Read, MD, PhD

Print: 359 pages

CME Information

The American Academy of Ophthalmology is accredited by the Accreditation Council for Continuing Medical Education to provide continuing medical education for physicians.

The American Academy of Ophthalmology designates this enduring material for a maximum of 10 AMA PRA Category 1 Credits™. Physicians should claim only the credit commensurate with the extent of their participation in the activity.

The American Medical Association requires that all learners participating in activities involving enduring materials complete a formal assessment before claiming CME credit. To assess your achievement in this activity and ensure that a specified level of knowledge has been reached, a posttest for this section of the Basic and Clinical Science Course is provided. A minimum score of 80% must be obtained to pass the test and claim CME credit. Visit CME Central for more information.

About the BCSC

The Academy's Basic and Clinical Science Course™ (BCSC®) is ophthalmology's definitive compilation of scientific research and clinical experience. It is continually updated by a faculty of more than 80 expert ophthalmologists. Each of the 13 volumes includes fundamental clinical knowledge; numerous tables, photos and illustrations; self-assessment questions with answers; and opportunities for earning AMA PRA Category 1 Credit™.

Beginning with the 2013 2014 edition, the Academy and the European Board of Ophthalmology (EBO) have partnered to make the BCSC the standard text for all European ophthalmology training programs. The EBO now recommends the BCSC as the primary educational resource for European trainees and ophthalmologists studying for the annual EBO Diploma Exam.

Editorial Review

Users Review

From reader reviews:

Bryan Rodriguez:

Book will be written, printed, or created for everything. You can know everything you want by a guide. Book has a different type. We all know that that book is important matter to bring us around the world. Adjacent to that you can your reading expertise was fluently. A e-book 2016-2017 Basic and Clinical Science Course (BCSC), Section 09: Intraocular Inflammation and Uveitis (Basic & Clinical Science Course (BCSC)) will make you to be smarter. You can feel considerably more confidence if you can know about everything. But some of you think this open or reading a book make you bored. It is not necessarily make you fun. Why they may be thought like that? Have you in search of best book or acceptable book with you?

James Robinson:

This 2016-2017 Basic and Clinical Science Course (BCSC), Section 09: Intraocular Inflammation and Uveitis (Basic & Clinical Science Course (BCSC)) book is simply not ordinary book, you have after that it the world is in your hands. The benefit you will get by reading this book is actually information inside this reserve incredible fresh, you will get data which is getting deeper anyone read a lot of information you will get. This specific 2016-2017 Basic and Clinical Science Course (BCSC), Section 09: Intraocular Inflammation and Uveitis (Basic & Clinical Science Course (BCSC)) without we know teach the one who reading it become critical in pondering and analyzing. Don't end up being worry 2016-2017 Basic and Clinical Science Course (BCSC), Section 09: Intraocular Inflammation and Uveitis (Basic & Clinical Science Course (BCSC)) can bring when you are and not make your bag space or bookshelves' turn out to be full because you can have it in the lovely laptop even phone. This 2016-2017 Basic and Clinical Science Course (BCSC), Section 09: Intraocular Inflammation and Uveitis (Basic & Clinical Science Course (BCSC)) having great arrangement in word as well as layout, so you will not feel uninterested in reading.

Vicki Escalante:

Does one one of the book lovers? If so, do you ever feeling doubt when you find yourself in the book store? Aim to pick one book that you find out the inside because don't judge book by its handle may doesn't work is difficult job because you are scared that the inside maybe not seeing that fantastic as in the outside appearance likes. Maybe you answer might be 2016-2017 Basic and Clinical Science Course (BCSC), Section 09: Intraocular Inflammation and Uveitis (Basic & Clinical Science Course (BCSC)) why because the fantastic cover that make you consider regarding the content will not disappoint you. The inside or content is fantastic as the outside or cover. Your reading sixth sense will directly guide you to pick up this book.

Debera Jessie:

What is your hobby? Have you heard that will question when you got scholars? We believe that that query was given by teacher to the students. Many kinds of hobby, Everybody has different hobby. And you also know that little person such as reading or as reading become their hobby. You need to know that reading is very important as well as book as to be the thing. Book is important thing to increase you knowledge, except your personal teacher or lecturer. You will find good news or update with regards to something by book. A substantial number of sorts of books that can you choose to adopt be your object. One of them is 2016-2017 Basic and Clinical Science Course (BCSC), Section 09: Intraocular Inflammation and Uveitis (Basic & Clinical Science Course (BCSC)).
