Nerve Surgery By Susan E. Mackinnon

Representing the treatment and management philosophy of Dr. Susan Mackinnon, *Nerve Surgery* provides extensive coverage of innovative surgical options as well as guidance on the management of complicated compression neuropathies. In addition to detailed information on tried-and-true as well as cutting-edge surgical techniques, it contains chapters on the basic principles of nerve surgery, such as "Anatomy and Physiology for the Peripheral Nerve Surgeon" and "Evaluation of the Patient with Nerve Injury or Nerve Compression."

Key Features:

- More than 850 compelling full-color figures and photographs demonstrate key concepts
- Videos narrated by Dr. Mackinnon are available online
- Coverage of important conditions that can be treated non-operatively, such as neurogenic thoracic outlet syndrome and multilevel compression neuropathy
- Strategies and secondary procedures for failed nerve surgeries
- Dr. Mackinnon provides tips on how she manages complicated pain problems

This book is a core reference for all plastic surgeons, neurosurgeons, orthopedic surgeons, hand surgeons, residents, and allied health specialists treating patients with nerve injuries.

Users Review

From reader reviews:

Bernard McLaren:

Have you spare time for just a day? What do you do when you have more or little spare time? That's why, you can choose the suitable activity intended for spend your time. Any person spent their own spare time to take a go walking, shopping, or went to the actual Mall. How about open or maybe read a book allowed Nerve Surgery? Maybe it is to be best activity for you. You know beside you can spend your time with your favorite's book, you can wiser than before. Do you agree with it is opinion or you have different opinion?

Daryl Biddle:

This Nerve Surgery are generally reliable for you who want to certainly be a successful person, why. The reason why of this Nerve Surgery can be one of the great books you must have is actually giving you more than just simple studying food but feed you actually with information that probably will shock your earlier knowledge. This book is handy, you can bring it almost everywhere and whenever your conditions in the e-book and printed types. Beside that this Nerve Surgery giving you an enormous of experience including rich

vocabulary, giving you trial run of critical thinking that we understand it useful in your day action. So , let's have it and enjoy reading.

Carlos Terrill:

People live in this new moment of lifestyle always try and and must have the free time or they will get large amount of stress from both daily life and work. So , whenever we ask do people have free time, we will say absolutely indeed. People is human not only a robot. Then we consult again, what kind of activity have you got when the spare time coming to you of course your answer may unlimited right. Then do you ever try this one, reading ebooks. It can be your alternative within spending your spare time, the book you have read is usually Nerve Surgery.

Mary Crist:

Reading a book being new life style in this yr; every people loves to learn a book. When you examine a book you can get a wide range of benefit. When you read books, you can improve your knowledge, since book has a lot of information in it. The information that you will get depend on what sorts of book that you have read. If you want to get information about your review, you can read education books, but if you want to entertain yourself read a fiction books, this kind of us novel, comics, and soon. The Nerve Surgery offer you a new experience in studying a book.
